

Our SAFE VALUES

Please use the following prevention measures to help promote our Values.

Stay home if you are sick.

Wash hands frequently or use alcohol-based sanitizer containing at least 60% alcohol.

Cough and sneeze into your elbow, not your hands.

Practice social distancing.

Recommended to wear face covering (cloth, bandana, etc.) or mask over nose and mouth if you are in public and unable to maintain social distancing.

Limit the size of any group to 10 people or less or use virtual contact when available.

Avoid sharing tools with co-workers, if possible.

Clean and disinfect frequently used tools, equipment, and frequently touched surfaces (door handles, handrails, keyboards, cell phones, tablets) on a regular basis.
