ABOUT THIS HOME

As you step into the foyer of the Nelson floorplan, you're met with a traditional study - a space that can easily transform into a home office or child's playroom. The entryway quickly unfolds into an expansive main living area that connects a wide-open dining room, family room, and contemporary kitchen with island and eating nook, as well as access to the beautiful covered outdoor patio. [Legacy Lakes] [Nelson] The second floor features an expansive owner's bedroom with huge walk-in closet. The owner's bath includes a linen closet, dual-sink vanity, and shower with seat. There are two additional bedrooms, full bath, laundry room, and a huge media room to finish out the second floor. Options include a unfinished third floor with tons of extra space for storage or future expansion.
