ABOUT THIS HOME

The Winston floorplan is a delightful ranch-style open floorplan featuring a flex room, owner's suite, and laundry on the first floor as well as a covered rear patio accessible from the living room and dining area. The modern kitchen boasts a large island fit for a chef that doubles as an eating bar with ample space for bar stools. Retreating to the owner's oasis on the first floor, you'll enjoy space fit for a king and queen. The resort-style owners bath features a dual-sink vanity, linen closet, and shower with seat. The bath leads into a huge walk-in closet with plenty of room for two wardrobes. First-floor options include a sunroom to infuse your home with light, a deluxe kitchen and a deluxe bath in the owner's suite. The second floor includes a small loft area, three bedrooms, and a full bath. Options include removing the closet in bedroom four and combining it with the loft to create a large flex-room space that could be used as a playroom, media room or office. Exterior include a covered rear porch.
