ABOUT THIS HOME

MOVE IN READY! Welcome to the Nelson floor plan in the highly desirable Terrapin community, a beautifully designed two-story home that seamlessly blends dedicated workspaces with open, connection-minded living areas. Immediately off the entrance sits a private double-door office, creating a quiet, light-filled environment for working from home or managing household tasks completely separate from the main living zones. Just past the office, the main level expands into a formal dining area that transitions naturally into an open-concept great room and kitchen setup, completely grounded in premium luxury vinyl flooring. The kitchen is highly functional, centered around a large island with a built-in sink and offering a walk-in corner pantry alongside plenty of counter space. A convenient powder room and integrated storage closets are tucked near the garage entry, keeping the daily flow organized. Upstairs, the home transitions to comfortable plush carpeting and centers around a massive open media room that offers an exceptional second living area. playroom. or
