ABOUT THIS PLAN

McKee Homes presents the Finley floorplan featuring an open living layout with a spacious living room, breakfast area, and large gourmet kitchen with island. The Finley has true flex-space on the first level with a formal dining room as well as an office, study, or whatever-you-want-it-to-be room. There is also a mudroom as you walk in from the garage and a rear patio off the family room and breakfast area.

The second floor features a private owner's suite with immense walk-in closet, shower with seat, ample linen closet as well as dual-sink vanity. Two additional bedrooms, laundry room and large media room finish out the second floor.

The Finley Classic elevation features a blend of brick and siding with simple roof lines for a classic, elegant look.

Options include a garden tub and separate shower in the owner's bath, a walk-in closet in the media room allowing it to be used as a fourth bedroom and optional sink and cabinets in the laundry room. For even more space, the third floor can be finished including a full bath.

Additional exterior options include a covered rear porch and sideload or three-car garage depending on lot size and orientation.
